

Reassignment service for television and radio

Dear Residents,

On 26 May 2021, Vodafone will be reassigning TV and radio stations as well as switching off some stations.

If you need assistance in your home, you can simply book the installation service provided by our partner.

A technician will visit you at home at an agreed time and take care of the necessary settings as well as the connection of any existing digital devices, if required – all for the special price of €89 (including VAT). For each additional device in your household, you pay €39 (including VAT).

To arrange an appointment, please contact our free service hotline on **0800 107 08 30** from Monday to Sunday between 7.30 a.m. and 10 p.m. or visit **vodafone.getitdone.co/umschalten**.

Of course, the service partners comply with all the necessary hygiene and protective measures.

Kind regards,
Your Vodafone Team

**Please do not
remove!**

Your neighbours may
also need this
information.
